Who we are

ASCALE

È il risultato di una tecnologia rivoluzionaria che elimina tutti i limiti dei materiali convenzionali, conosciuta come pietra sinterizzata.

The result of a revolutionary technology that eliminates all limits of conventional material known as sintered stone.

Grazie alla pressione e alla temperatura trasformiamo elementi minerali 100% naturali in pietra sinterizzata che unisce il meglio del design ceramico con la resistenza della pietra naturale.

With the help of pressure and temperature we transform 100% natural materials into sintered stone which combines the best of ceramics design with natural stone resistance.

Conosciaci

Who we are

Ascale fa parte del Gruppo Pamesa, uno dei maggiori riferimenti ceramici in Europa. Nata come settimo marchio del gruppo, ASCALE è specializzata in superfici di grande formato che combinano innovazione, design e funzionalità.

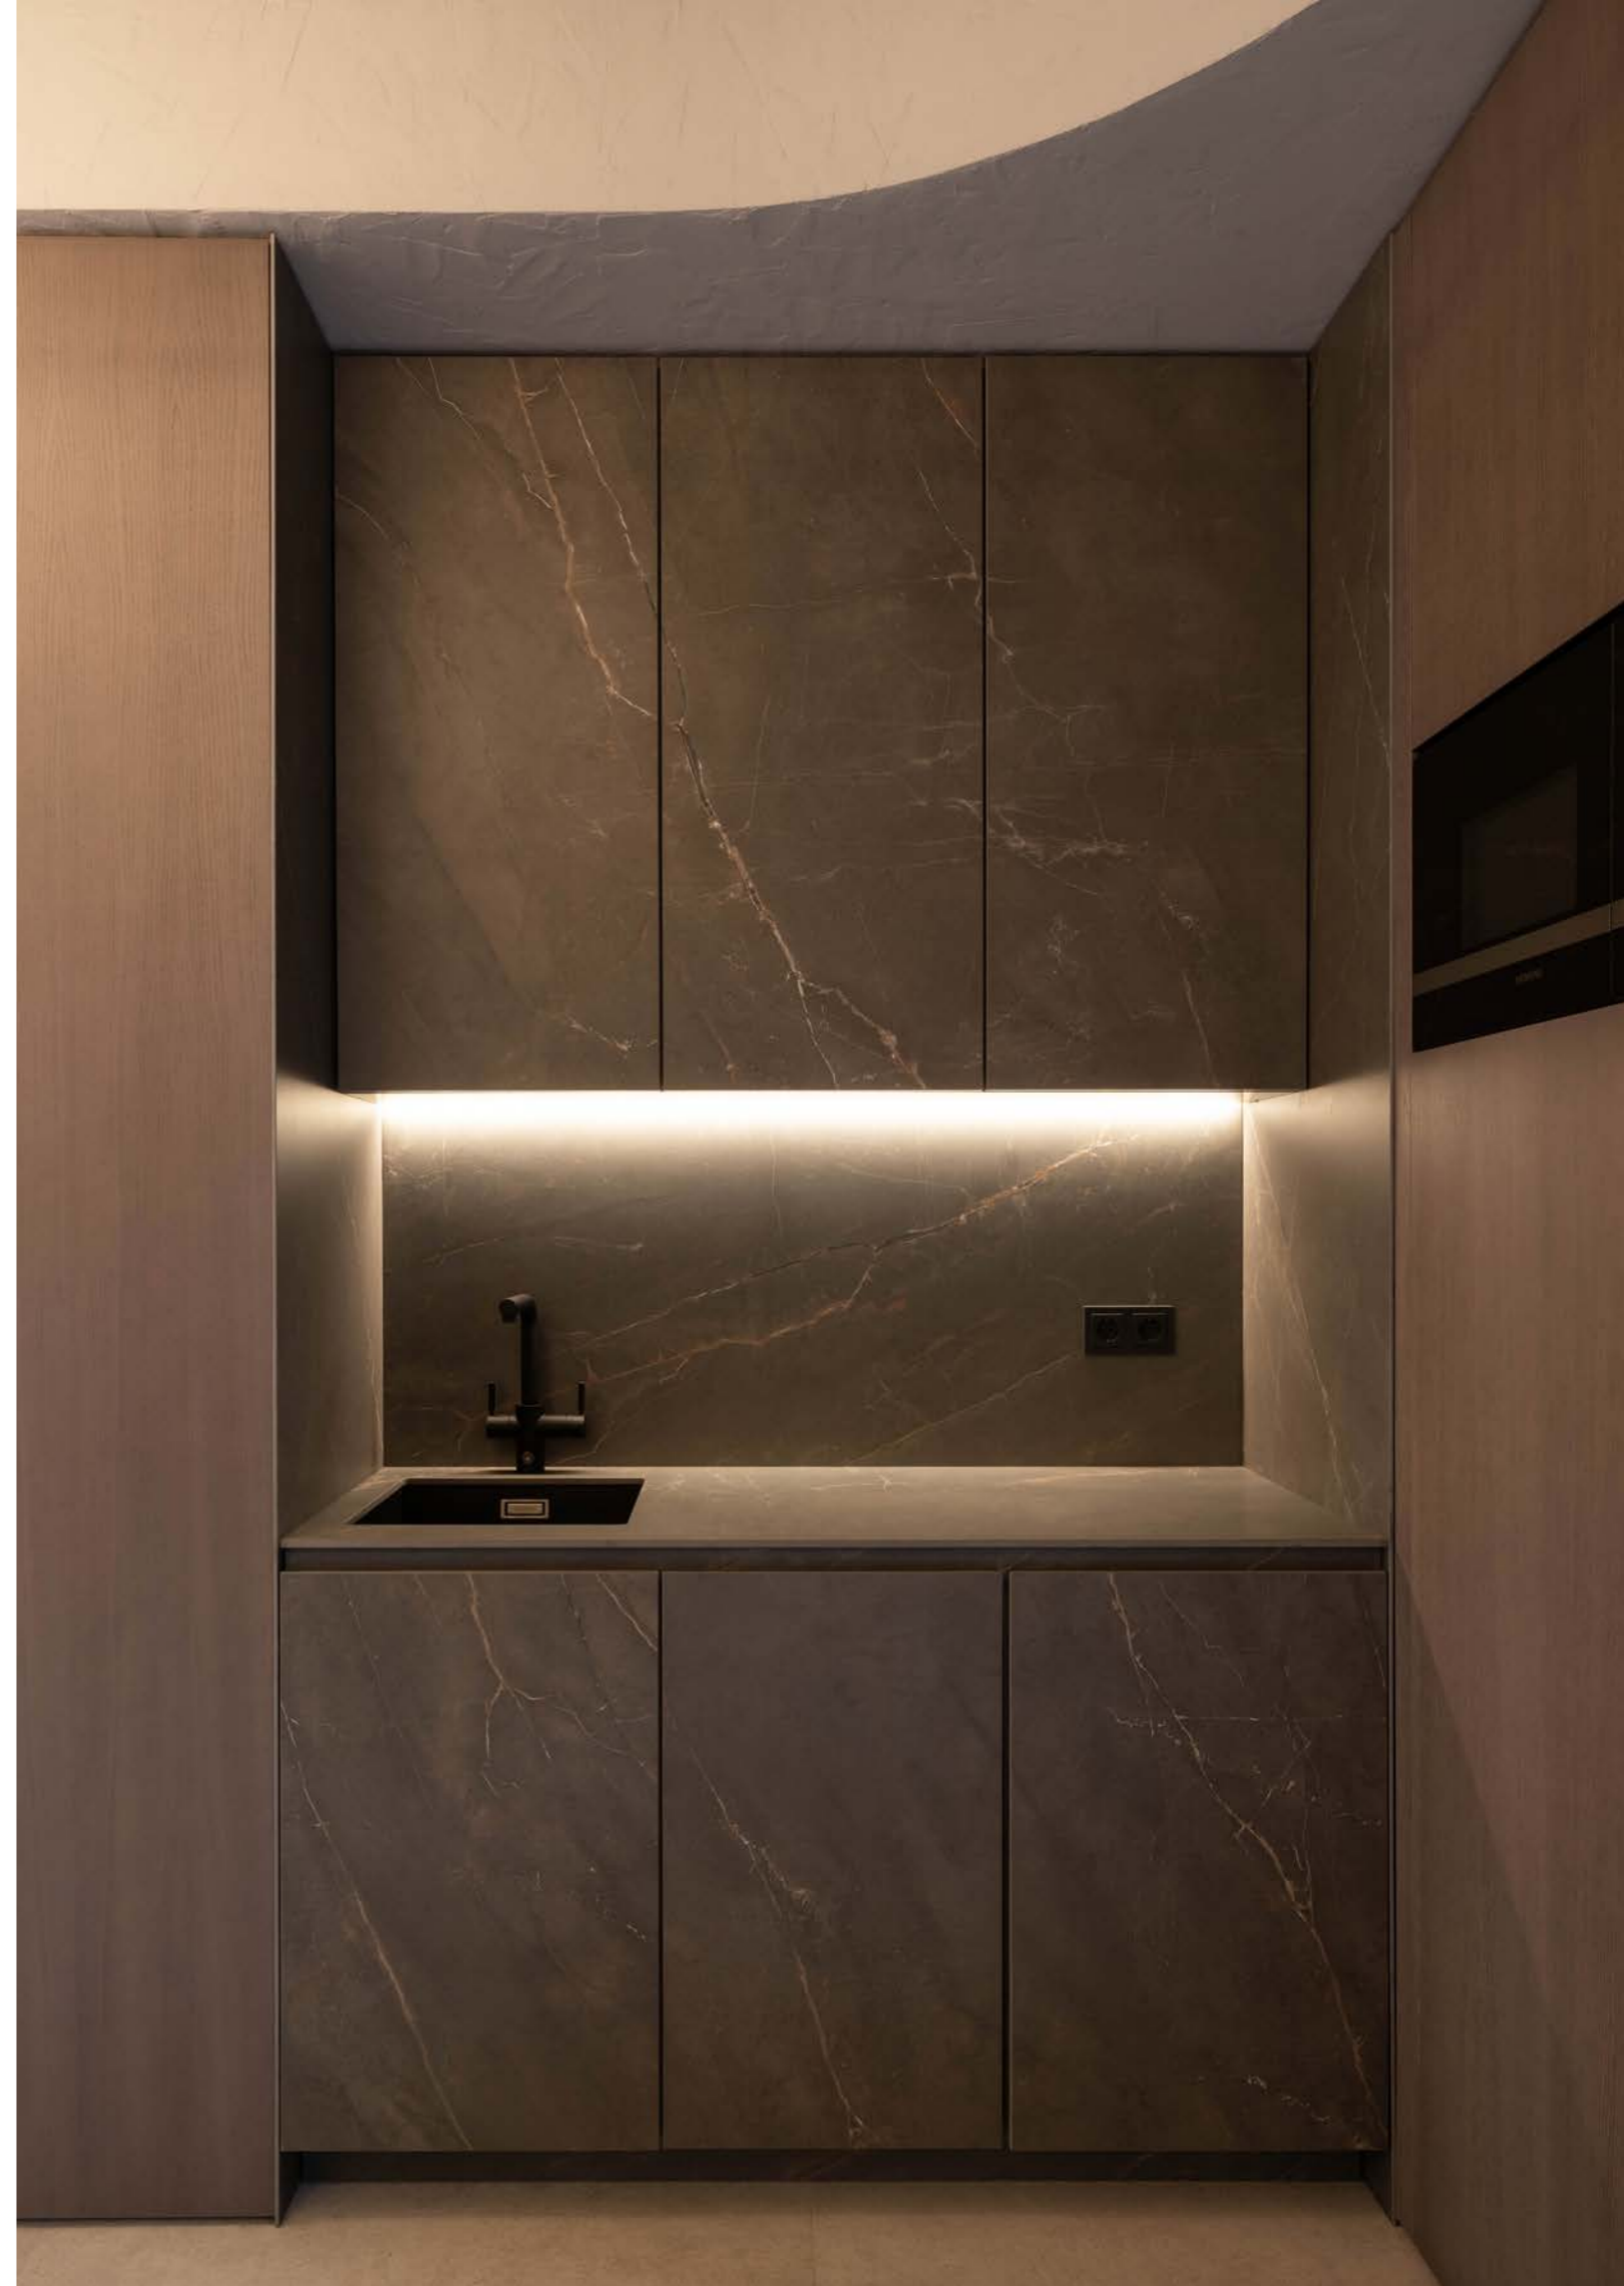

Da Castellón seguiamo la stessa filosofia che guida il gruppo dal 1972: creare materiali che vanno oltre l'estetica per trasformare gli spazi in esperienze architettoniche uniche.

ASCALE is part of Grupo Pamesa, one of Europe's leading ceramic manufacturers. As the group's seventh brand, ASCALE specializes in large-format surfaces that combine innovation, design, and functionality.

From Castellón, we uphold the same philosophy that has driven the group since 1972: creating materials that go beyond aesthetics to transform spaces into unique architectural experiences.

Creiamo spazi che evocano sensazioni di comfort per tutti i pubblici.

We create spaces that evoke sensations of comfort in all audiences.

Formati, applicazioni e spessori

Formats, applications and thicknesses

La pietra sinterizzata di Ascale supera i limiti dei materiali tradizionali, rendendola il materiale ideale per qualsiasi tipo di rivestimento e superficie.

Offre un design versatile, leggero e di grande formato (162 x 324 cm negli spessori di 12 e 20 mm, 160 x 320 cm / 120 x 280 cm nello spessore di 6 mm e 100 x 300 cm nello spessore di 3 mm).

Ascale's sintered stone surpasses the limitations of traditional materials, making it the ideal choice for any type of cladding or surface.

It offers a versatile, lightweight design in large formats (162 x 324 cm with thicknesses of 12 and 20 mm, 160 x 320 cm / 120 x 280 cm with a thickness of 6 mm, and 100 x 300 cm with a thickness of 3 mm).

Sviluppo sostenibile Sustainable development

Ascale dispone di un sistema di gestione ambientale per identificare e minimizzare l'impatto delle proprie attività sulle emissioni atmosferiche, sulle acque reflue, sui rifiuti e sull'inquinamento acustico. Sistema Integrato di Gestione (SIG), progettato da Ecoembes e finalizzato alla raccolta differenziata e al recupero dei rifiuti di imballaggio per il loro trattamento, riciclo e valorizzazione.

L'azienda dispone di Dichiarazioni Ambientali di Prodotto (DAP) per tutte le famiglie di prodotto che commercializza. Una dichiarazione concessa da Aenor nel 2014 e ampliata nel 2015 che evidenzia prodotti rispettosi dell'ambiente.

Ascale has an environmental management system to identify and minimize the impact of its operations on air emissions, wastewater, waste and noise pollution. Integrated Management System (SIG), designed by Ecoembes and aimed at the selective collection and recovery of packaging waste for treatment, recycling and assessment.

The company has Environmental Product Declarations (EPDs) for all the product families it markets. A declaration granted by Aenor in 2014 and extended in 2015 that highlights environmentally friendly products.

“”

Applicando criteri di miglioramento continuo, realizziamo una valorizzazione interna dei rifiuti e una raccolta differenziata degli stessi come cartone, plastica o legno.

Applying criteria of continuous improvement, we carry out an internal recovery of the waste and a selective collection of materials such as cardboard, plastic or wood.

Ascale è impegnata nell'ottimizzazione della gestione dell'acqua, basata sui principi di riutilizzo e ottimizzazione nei diversi processi. Inoltre, punta sull'applicazione costante di criteri di efficienza energetica nelle proprie strutture e attività.

Ascale is committed to the optimisation of water management, based on the principles of reuse and optimisation of water in different processes. It is also committed to the constant application of energy efficiency criteria in its facilities and activities.

ASCALE KITCHEN

COLLECTIONS

Unleashing creativity is easier with a material designed to last over time.

Un materiale resistente e leggero che ti invita ad assaporare ogni istante.

Ascale aggiunge un valore unico all'esperienza culinaria, offrendo uno strumento che ispira soluzioni esclusive, eleganti, funzionali e sostenibili.

Innovazione, qualità, design e funzionalità sono le caratteristiche che gli chef più esigenti della gastronomia cercano per la creazione dei loro spazi di lavoro. Ascale ha dimostrato di essere il compagno ideale nei ristoranti più prestigiosi dell'alta cucina.

E tu? Vuoi elevare la tua cucina e portare le tue creazioni al livello successivo?

A resistant and lightweight material that invites you to savor every moment.

Ascale adds unique value to the culinary experience, offering a tool that inspires exclusive, elegant, functional and sustainable solutions.

Innovation, quality, design and functionality are the characteristics sought by the most demanding chefs in gastronomy for the creation of their workspaces. Ascale has proven to be the ideal partner in the most prestigious restaurants of haute cuisine.

What about you? Do you want to elevate your kitchen and take your creations to the next level?

Technological innovation *Versatility and adaptability* *Quality and design*

La pietra sinterizzata di Ascale può essere utilizzata anche nei bagni e in ambienti ad alta umidità grazie al suo basso assorbimento d'acqua.

Ascale sintered stone can also be implemented in bathrooms and places with high humidity thanks to its low water absorption.

Inoltre, è altamente resistente al calore e ai prodotti chimici, il che le conferisce una durata eccezionale con una manutenzione facile e semplice.

In addition, they are also highly resistant to heat and chemicals, which gives them exceptional durability with easy and simple maintenance.

Le nostre tecnologie avanzate nel processo di produzione garantiscono finiture precise ed esteticamente impeccabili.

Our advanced technologies in the manufacturing process ensure that the finishes are precise and aesthetically flawless.
